- Property Possession

## Dispute Resolution

Our team of experienced litigators can deal with both complex and routine cases for both individuals and businesses in a cost effective manner.

It is an unfortunate reality that even the best managed business can end up in a commercial dispute. We take a constructive and creative approach to the resolution of disputes offering a solution whilst maintaining a commercial view of the matter.

If you are facing a potential or actual claim we are able to provide you with clear and concise advice on the best way to protect your position.

Our team has considerable experience of High Court and County Court litigation as well as all forms of alternative dispute resolution. We can advise if ADR or adjudication might offer you a better outcome than litigation.

In particular our experienced litigators have had great success in resolving complex and high value cases very quickly. Wherever possible we try to negotiate a satisfactory settlement without incurring the costs of a final court hearing.

The relationship of landlord and tenant is the subject of an ever changing and complex legislation which makes it essential for expert advice to be sought at the earliest stage of any matter. We are able to provide you with this advice and advise you of the best route to achieve your desired outcome.

Mullis & Peake LLP promote the use of mediation for the resolution of disputes.
