

Office Accessibility

Businesses which provide easy physical access to their premises can help the confidence of customers and clients who have a physical or sensory impairment.

Easy access will also help some older people and people with caring responsibilities.

At Mullis & Peake LLP Solicitors you enter both our offices – in Romford and Shenfield – directly off the street, without any need to climb stairs.

Our Romford office has on-site parking facilities. We are also located only 200 yards from Romford train station and main bus hub as well as having a taxi rank only 150 yards away.

You will be met with a large reception area as well as four meeting rooms that are all wheelchair accessible. There is also an accessible toilet located in the reception area.

The news feed on the Reception television can be turned off or muted on request.

You are welcome to bring a friend or relative with you to any meeting with us, to support you.

We can also visit you at home – or at a suitable alternative venue – if it is not realistic for you to come to see us.

Please see below some photographs of our Romford office to help make your journey easier.
