

Office Accessibility

Businesses which provide easy physical access to their premises can help the confidence of customers and clients who have a physical or sensory impairment.

Easy access will also help some older people and people with caring responsibilities.

At Mullis & Peake LLP Solicitors you enter both our offices – in Romford and Shenfield – directly off the street, without any need to climb stairs.

Our Shenfield office is located only 200 yards from Shenfield train station as well as having a taxi rank only 150 yards away.

You will be met with a spacious reception area as well as two meeting rooms that are wheelchair accessible. The glass table in the reception area can be removed if we have prior notice.

You are welcome to bring a friend or relative with you to any meeting with us, to support you.

We can also visit you at home – or at a suitable alternative venue – if it is not realistic for you to come to see us.

Please see below some photographs of our Shenfield office to help make your journey easier.
